Procedures for Scheduling and Conduct of Standard Surveys

---

The State has in effect the following procedures for the scheduling and conduct of standard surveys to assure that it has taken all reasonable steps to avoid giving notice.

The Minnesota Department of Health follows all requirements of the Health Care Financing Administration in conducting unannounced surveys, within required timeframes. The Department carefully guards survey schedule information and limits the number of people who have access to the information. The Department coordinates with its subcontractor for fire safety inspections to ensure that the subcontractor does not arrive at a facility before the survey team.
